

Solar Car Assignment Peer Review

Adam Finlayson | 22219865

Summary of Contributions:

I believe I was highly involved in the completion of this assignment and contributed adequately.

List of assignment component I was involved in:

- Buck Converter design for LTspice simulation
- Inductor sizing calculations
- MOSFET gate-drive circuit design
- Control circuit design
- Simulation Testing
- Report Introduction, Design discussion, and Improvements

Peer Assessment

Name:	Level of Contribution (0-5):
Adam Finlayson	5
Sam Wells	5
Thomas Knowles	5

I believe each member pulled their weight in this assignment, and each section was completed together in lab times.
